

Why Choose NETGEAR for SMB?

NETGEAR adds value for resellers with innovative, industry-leading features and offerings.

NETGEAR is an industry leader that is big enough to matter, yet small enough to care

One-stop shop for your wired/wireless networking, VPN, and NAS needs

Manage, monitor, configure your equipment remotely via app, cloud portal, or CLI

Stackable discounts to increase margin opportunities for resellers

Risk-free eval program with brand new, full warranty, factory-sealed products

Lower-cost alternative to big IT brands with longer warranties at significant savings

Free remote wireless site surveys

Free 24/7 toll-free level-2 support for resellers

Self register RMAs through the NETGEAR portal. No hassles, no questions.

NETGEAR ProSAFE offers lifetime warranty (including power supplies, fans, and EOL)

NETGEAR is a channel-only manufacturer. Zero risk to deals being bought direct.
